Modular Workstations

Workstations That Work As Hard As You Do.

In today's age of rapidly transforming businesses, workspaces are also becoming increasingly dynamic.

A workspace is no longer just a place where people sit and work. It's an extension of our ideas, our personality, and the way we get our work done.

Godrej Interio's Modular Workstations are designed keeping in mind the needs of new-age workspaces, and provide next-gen furniture solutions that inspire optimum performance.

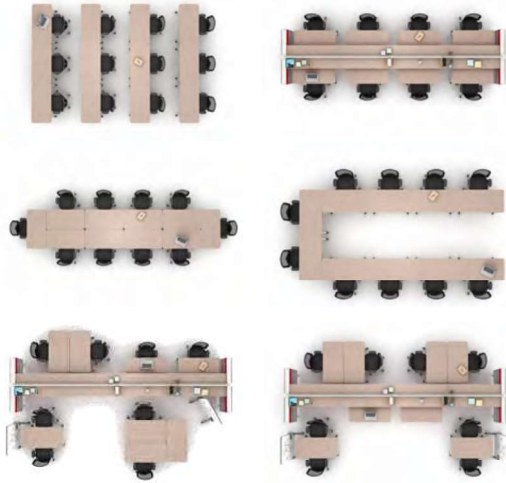

Let's get working!

Configuring Workstations

Mobile Systems

Mobile Systems are workstations whose layouts are not set in stone. They are designed for workspaces that prefer immediate flexibility and reconfigurability of their layouts, which can be done by the user as per their space utility requirements.

- Habitat

Mobile Systems: Habitat

Panel-based Systems

Panel-based Systems add depth to your office space. Their contemporary designs are not only pleasing to the eye, but also highly flexible in nature. These allow for office layouts to be planned around existing oddities within the workspace.

- Wish
- Frontier
- Xpress
- Wall Full Height Partitions

Desk-based Systems

Desk-based Systems are workspace configurations with sliding worktops and monitor holders. These modules can be used for collaborative work when required, as well as individual focused work tables when not in a meeting mode.

Features

- Habitat is an all-in-one workspace solution for corporations that place an equal emphasis on aesthetics, functionality, and sustainability.
- It's designed for workspaces that prefer immediate flexibility and reconfigurability of their layouts, which can be done by the user as per their space utility requirements.
- Comes with glass screen panels above worktop level for an open and transparent look.
- You can also opt for different types of glass finishes, like laminated coloured glass, ceramic printed glass etc.
- The tables can be reconfigured, folded and stacked horizontally as per your utility.
- Accessories like name plate, single and double sided shelf, as well as the magnetic rail on the glass screen are provided to accentuate the aesthetics and functionality of the workstation.
- Clear up floor space by attaching the optional CPU-holder accessory to the panel.

Features

- A workstation with numerous configuration possibilities.
- This contemporary concept is not only pleasing to the eye, but also highly flexible in nature, allowing office layouts to be planned around existing oddities within the workspace.
- It's designed to be able to fit into any office layout, by creatively utilising even ungainly outcrops such as pesky columns into the design of the workspace layout.

- This capability of being highly accommodative is possible because of the ingeniously-crafted horizontal panels that comprise its structure.
- The sleek gapless panels with their proportional visual lines provide the workstations with a modern look and feel.
- Creative layout plans can result in a variety of looks for offices, such as a single colour monolithic look, a classic wooden look, a multicolor tiered look, an artistic acrylic finish, or even a post-modern transparent or translucent glassy look.

Frontier

Features

- The Frontier is the next step towards an all-modular workspace solution.
- Suitable for banking corporations with multiple branches across locations, as the Frontier is factory-finished, therefore allowing for all individual branches to have a uniform look and feel.
- Thoughtfully designed to ensure complete safety to the user as well as the visitor.
- Comes in a ready-to-install format from the manufacturing plant itself, thereby reducing the site completion timeline.

- Modules available for different functions like
 - Cashier (7' standing interaction counter)
 - Executives (sitting interaction counter)
 - Manager modules
- Enjoy a clutter-free worktop, as it comes with provisions for concealed wiring in the panel itself.
